# Practical 1 - Notion Workspace.

## 1. Create a Notion Account:

○ Sign up for a Notion account at notion.so.

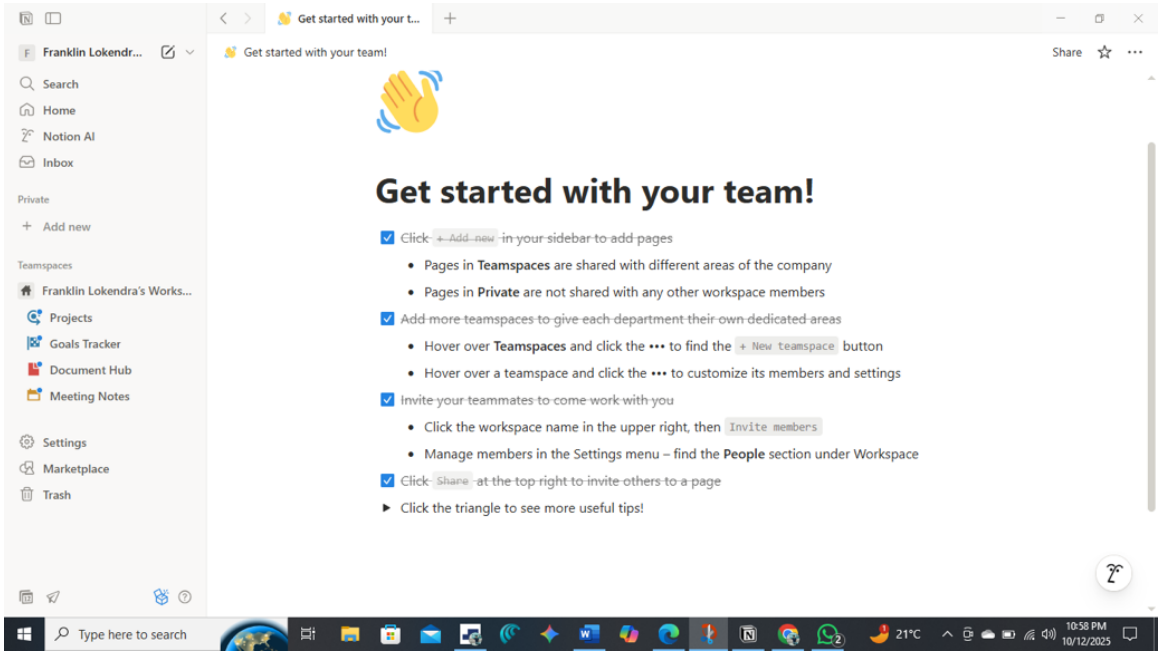

○ Verify your email and log into Notion.

**2. Set Up Your Workspace:**

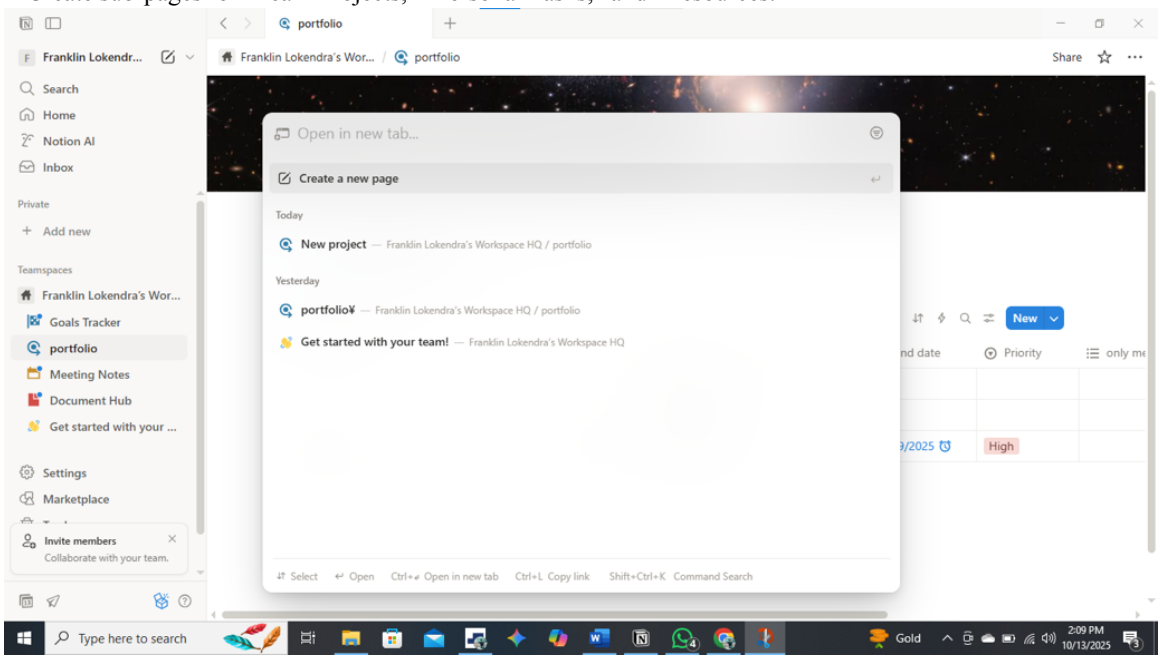

○ Explore the workspace layout and sidebar.

○ Customize workspace settings (name, logo, and domain) in "Settings & Members."

3. Create and Organize Pages: ○ Add a new page named "Workspace Overview." 741

○ Create sub-pages for "Team Projects," "Personal Tasks," and "Resources."

4. **Working with Blocks**:

○ Add text, headings, to-do lists, bullet lists, and other blocks on each page.

○ Use the / command to explore and add various blocks.
